

Site Beautification and Maintenance Technician

Date: 09/03/2020

Location: San Diego County

POSITION SUMMARY:

An ideal candidate for this role has worked in multi-site retail, they enjoy thinking critically, problem solving, and they are a self-starter. The facilities maintenance role is responsible for site beautification and maintenance at all Soapy Joe's locations. This role will be proactive in maintenance needs, new development, and planning for upcoming needs to keep our sites beautiful and on brand.

WHY SOAPY JOE'S?

We're not just a car wash, we're driven to clean cars, protect the environment and shine in our communities. We are invested in creating opportunities, inspiring development, and bringing dynamic servant-leaders into our company that will take care of our team and our members. If you love to win, care about people, and you're not afraid to roll up your sleeves and get to work, you will be in great company with us. Culture is vital to our success and we are looking for new team members that connect to our values and want to see our culture thrive.

Our core values are:

- **Build community:** we love our neighbors and create an atmosphere where everyone is welcome
- **Lead with heart:** we create trust and respect through listening, positive words and actions
- **Create fans:** we impress customers with a great experience defined by positivity and helpfulness
- **Do the right thing:** we operate with honesty and integrity – even when no one's looking
- **Be proud:** we're proud of our quality services and clean sites, but most of all, we're proud of our team
- **Have fun:** we believe creative solutions and genuine connections happen when you're having fun
- **Keep learning:** we take learning as seriously as we take having fun, which means we do it all the time!

If these values resonate with you and you would like to be a part of this team keep reading!

WHAT YOU'LL DO:

- Maintain responsibility for the appearance of all Soapy Joe's car wash locations
- Assess site needs and propose necessary improvements and changes
